Ottawa: During the discussion on the vote of \$40,000 to continue the Grain Enquiry begun last year, should there be a demand for it. Mr Crerar made a statement setting forth his own position, and that of his company So many attempts eves of the public through misrepresentating his attitude, that the essential portions of his statement are

"There was no useful work that the royal grain inquiry, known as the Hyndman Commission, undertook to do that could not have been done by the Board of Grain Commissioners in clothed under the law with all the powers of inquiry that are vested under art one of the Enquiry Act. I have stated before, and I will repeat here that the main purpose of the Grain Inquiry Commission was political rather than to seek remedies for abuses

There is another matter which I wish to make allusion to, because I find that throughout eastern Canada particularly there is a very widespread misapprehension of the conditions existing at the terminal elevators, and especially in the elevator controlled by the company with which I have been associated. The Royal Grain Inquiry Commission early last June, when it was sitting in the province of Saskatchewan, by telegram authorized its secretary to hold a special session at Fort William, which was in the nature of a secret session. That session was held as was disclosed in evidence brought out in the injunction proceedings at Winnipeg, for the purpose of t he Grain Growers' administration of I repeat that this evidence was received and published in the throughout the country without our having any chance to appear at the proceedings and question the witness who gave that evidence, in which serious reflections were made on that Company. It was the most unfair and unjudicial inquiry under the guise of a commission that has ever taken place in the Dominion. I wish to place these facts before the House and the country in order that they may appreciate what really took

The impression exists and it was fostered in every possible way during the last election campaign, that the United Grain Growers were afraid of an inquiry into their administration; in a word, that there was something dark and mysterious and sinister that they wished to conceal. Within a few weeks of the time that that inquiry took place at Fort Wil- and equipped with a 12 foot blade is liam we asked the Board of Grain being demonstrated on the road run-Commissioners—who have practically all the powers that the Royal Grain Enquiry Commission had-to investigate as thoroughly and completely as they could all the allegations that had been made against the company. That was not done, although we repeated

Chauvin Baseball Team Brings Home Wainwright Shield

Was it a dream when the Chauvin players claimed early in the season that they were out for the Creamery

All ye unbelievers, cast your eyes upwards at the window in the rotunda of the hotel, which contains the coveted trophy. Julius Caesar in his famous message, "I came, I saw I conquered," ably summed up the situation as regards the expedition of the local team to the Edgerton tournament on Wednesday last. Five teams vin drew Ribstone and defeated them by a score of 10-4. The next game was between Wainwright and Greenthe latter winning by a Both teams played excellent ball but Greenshields had collided with Edgerton. The sister town thinking to take the game without exertion put in a sub pitcher, holding Spornitz in reserve. Unfortunately Chauvin ran away with both the sub and the regular when introduced; winning handily by a score

Then came the crucial moment—the struggle between Chauvin and Greenshields for first honors. The sentiments of the crowd were divided. stronger team and yet a wise minoranced, had more experienced players was a slugfest from the opening session. It was such a gruelling batting and fielding contest as keeps a crowd on its toes the whole way. Chauvin not only maintained it, but added to two home runs, numerous triples and these, all off the best pitchers along 'hitting fools,' and they certainly de-Greenshields also hit hard and often but not so consistently. Their one real chance came in the eighth frame when the Chauvin pitcher was forced to quit, absolutely exhausted, but the darkness shut them out, the game ending 17-11 in favor of Chauvin.

Our genial hotel keeper had promised everyone of the locals who made a circuit clout one bone. When the reckoning came he paid three with a trict. Sweet clover and alfalfa have smile—his visage became so distendhim. Here's hoping he may retain the same striking lineaments after the Wainwright Sports.

Twelve Foot Grader Being Demonstrated

A large grader weighing 8500 lbs ning east and west from Dick Edmonds farm. This is being drawn by an engine. We are given to unpality will purchase this grader if it promise well. Hops indicate 100 per is found satisfactory.

Bank Of Montreal June Crop Report

The following is the crop report issued by the Bank of Montreal under date of June 22nd.

In general the grain crops on the prairies are making good progress, but every district reports that rain is needed within the next ten days. Heavy rains in Ontario, Quebec and the Maritime Provinces have given the crops an excellent start and ensured heavy hay harvest. British Columbia crops are suffering from an unusually

PRAIRIE PROVINCES

Conditions generally very fair to good; rain needed throughout, but especially in Alberta.

Calgary District:-Dry weather and hot winds prevailed first half of month followed by rain, though not sufficient; no hail losses; pasture short, and hav prospects not promis-Edmonton District: Frost 6th June did some damage to grain and garden truck; wheat well up; warm weather has been followed by needed grasshoppers. Lethbridge district: Rain badly needed Nobleford and Bow Island; some damage from autworms and grasshoppers vicinity Macleod rve promises fair yield; pasture good condition; local showers in most districts; general rains needed, although crops not yet suffering from lack of moisture; no damage from insects. Regina district: Wheat on summerfallow doing well, but moisture insufficient for grain seeded late on light soil and stubble, heavy rains needed. grasshoppers are being kept in check Winnipeg District; Crops making good progress, wheat in shot blade in early districts, rain needed, rye is a large crop, practically no damage from frost, hail or pests, pasture in

PROVINCE OF QUEBEC

Rain has been heavy in most sections, and in some cases low-lying lands have suffered. All crops are looking well, but warm weather is Prospects for a good hay crop are now excellent, green pasture generally in good condition.

PROVINCE OF ONTARIO

Fall wheat somewhat uneven, but with continued flavourable weather a fair average crop should be harvested Spring grains and peas promise well. Hay uniformly satisfactory except at a few points in the Georgian Bay dissmile. Manager Freeman wore no been cut in some districts, pasture is excellent, moisture abundant. Prosed that the boys could not recognize pects all over province are for a better than average all round crop.

This is a real bargain. The As the twig is bent, the tree will grow dry weather, pasture generally fine. Chauvin Pharmacy.

Edgerton Sports Day Was One Of The Best Ever Held

Favored with ideal summer weather, the annual Edgerton Sports Day held onon July 31st. proved an unqualified success. A fine crowd was present from the district itself, while the neighboring towns sent large contingents of visitors to root for their teams. Chauvin annexed first money money by beating Greenshields in an exciting final while, earlier in the day, Greenshields and Wainwright gave the crowd lots of excitement in a hard battle which went two extra innings before the divisional point bor to the East. In the evening the crowd packed the Hall and waxed enthusiastic over the presentation of one-act farces, "The Burglar' put on by the Girls Club and "The Mere Man" presented by the Womens Institute.

An enjoyable dance concluded the

On Friday evening, a winding up meeting of the committee was held when a very satisfactory report was Campbell. It was the feeling of the meeting that the committee owed a real debt of gratitude to Mr. Norman Davidson, chairman of the Refreshments Committee. It was his tion that made the success this year thusiastic vote of thanks. Votes of retary, the Girls Club, the Womens Institute, and the ladies who helped with the refreshments, while the Wainwright Band came in for compliments for the enjoyable program

It was decided that the surplus, as in the past would be devoted to Com-Committee will make half the payment due this year by the Agricultural Society on the Fair and Sports Ground and will pay half the cost of fencing the same. They will also pay for a brick chimney on the curling and Skating rink and will make a payment on the rink debt. In conclusion it was decided that a committee would at once prepare a memorandum from this years experience with the object of making next year's celebration a distinct advance upon

which they rendered.

Crop Notes

Local crop conditions at the time of writing (Monday afternoon) would Recent rains have given all crops be greatly improved by a good general rain throughout the entire district. vorable, warm weather now needed. Several showers, some of them heavy, have fallen during the past week: but ably less than last year owing to the they have been entirely local in their heavy droppings, but it will be two nature, watering only a few sections weeks before correct estimates can be whilst other sections are needing a good rain. The wheat generally is still coming along in good shape, but Weather very hot and dry, rain is cats and rye are not so promising.

Unless early rains fall there will be from lack of moisture, in Okanagan a considerable decrease in the area of irrigation is general; June drop in new breaking, the land being too dry

the lid was put on. Why were the injunction proceedings taken? If my In Parliament hon. friend were in similiar circumstances and he believed and knew from all the facts of the case, as far as the facts of the case could inform him, that he could not get a fair judgement or a fair show from such a commission, what would be do? He would do precisely what was done in that case, and the best evidence of the fact that the United Grain Growers did not wish to put the lid on, but wished to have the full facts investigated, lies in this, that they asked the Board of Grain Commissioners who had all the powers necessary in the matter, to make a most thorough inquiry into the whole proceedings at Fort William. Instead of any desire to put on the lid, there was the fullest posible desire to have the whole thing exposed to the light of day in a fair manner, but not in any prejudiced I do not wish to burk any inquiry. As far as I personally am concerned and so far as te farmers' companies are concerned, they court the fullest possible inquiry.

During the discussion on the railway estimates, Mr Knox brought up the completing of the Hudson's Bay Railway, pointing out that as a large amount of money had already been comparatively small amount would parcel. be required to complete it, the necessary funds should be provided. In this connection it was remarked that \$4,000,000 or one-half of the amount land Canal this year, might well be used for this purpose. Strong support was also given to the project by other members of the group.

The building of necessary branch lines in the prairie provinces and British Columbia was also advocated.

It was a soft and balmy spring casting a mellow radience upon the green sward, as the ardent swain passionately declared his love.

"Darling," he cried in tones of vibrant adoration, "I will lay my fortune beside your feet!"

"Oh, but your fortune is not a very large one!" cooed the damsel

"No." he replied, slipping his arm round her waist, "but it will look large beside your tiny feet."

He won her.

Ribstone Ladies Aid

(Held over from the last issue)

The entertainment given by the Ribstone Ladies Aid on the evening of June 9th was a great success. The hal was filled to the doors. At 8.30 the chair and in a few words gave everybody a hearty welcome.

O Canada was sung by all; after which the president called on Rev. W. Mitchelson for a five minute address.

Mr. Mitchelson spoke of what we were working for. "building a church" How glad we would all be to have one of our own like our friends and neighbors over the way. We have all the one object in view, all striving for the one great end. While we go by differ-Father. He then spoke on the dreadful disease that was sweeping over our little town' 'Matrimonial fever trusting we would get it checked. We all hope that Mr. Mitchelson will not get it.

Song-The Choir.

Reading-Mrs. Dobson

Duet-Miss Dominy and Mr. Dell. Recitation-Mrs. R. Morrison.

Musical Selection-Mrs. Pound, the Misses Price and Mr. Pettitt.

Reading-Miss Jennie Price.

The president was then asked to show her family album, with her twelve grand-children, Her sons and daughters had married into all na-

OUR LITTLE ADS DO BIG WORK

POOR ROADS RETARD SETTLEMENT

A speaker at a recent good roads conference stated that the districts having good roads were the ones receiving an influx of new settlers. In this connection we remark that it is quite noticeable how few new settlers we have received in the past, say, two years. If this speaker was correct-and we believe he was-we may look at our poor roads and there find the reason we are getting such a very small influx of new settlers.

The values of our real estate are not rising in proportion to their true worth—the comparative value with other western anadian lands of equal and like productive capacity. Can you blame the newcoming seeker of a farm home if after riding through other districts with a higher standard of roads he becomes discouraged after driving a day or so over our roads? YOU PAY

EACH WAY

The sooner we learn that poor roads cost each of us real hard cash each and every year-we already know good roads cost money—and learn to strike the equation of profitable expenditure, the sooner we will get rid of the present unprofitable handicaps.

"Good roads" or "bad roads"-both have to be paid for.

"Good glasses if you need them; good advice if you don't." Consult C. C. McKechnie, Graduate Optician.

Phone No. 18

W. J. STARK, Mgr.

P.O. Box No. 9

We are sorry to report that Jack Newstead had the misfortune to have his stable burnt down. A quantity of harness was destroyed, but fortunately no horses were hurt.

We are pleased to note that a number of special trains have passed through Chauvin recently. May the number of these increase and our National railroad become profitable.

Those attending the S. Jean Baptiste picnic Monday had a real good time. We are holding our report of this event until next week, it being beyond our power to adequately report same in this issue.

Salt Lake is receiving its share of visitors this last week. Camping is quite popular.

A. Lavold has purchased the Hereford Bull "Rudolph Fairfax" from Garfield Lawson.

The council of the Municipal District of Ribstone will met at Chauvin at 1.30 p.m., Friday afternoon, June

What is the matter with our local painters? No one submitted a tender for painting the Butzeville school.

From several sources we are hearing of considerable interest being taken in preparing for the Chauvin fair. There is likely to be a great improvement in numbers and quality of the exhibits. Get your exhibit ready.

We are asked to announce that a Strawberry Supper and dance will be held at the Roros schoolhouse, Friday June 30th. The Roros U. F. A would like to see a large crowd out to this social event. To begin at 8 b'clock.

here was a general exodus from Chauvin last Wednesday, there being ice of three picnics. Provost, Edton and Fram each were patronized by Chauvin folk. The pity of it all being that only a relatively small number could represent Chauvin at

It was fortunate however, that a few folk remained at home Wednesday or there might have been but little of the home town remaining. Very shortly after dinner hour some packing cases stacked against the stable at the rear of the Alberta Restaurant

were found to be in flames. Alarm being given two extinguishers were rushed u to the scene and a bucket brigade formed, whilst others fetched out the two chemical outfits from the Despite a hot dry wind firehall. blowing at the time, danger had been averted at the time the engines arrived. The cause of this outbreak has not been investigated, but it was freely sated at the time to have resulted from children playing with matches.

There will be a meeting of the committee in charge of the Peace Day celebration tonight, they have a very lined up. The public will do well to set aside July 19th for attending this event and having a splendid day of sport and enjoyment.

. . .

True to tradition, a heavy rainfall descended on Chauvin on the occasion of the St Jean Baptiste celebration. After giving an ample warning by the heavy clouds gathering in the rambled to third, finishing with two north-west the storm gave a good drenching to those who had boldly tarried to carry on the program. It is safe, however, to say that they were not sorry to see the rain falling on the fields and growing grain.

The Chauvin Pharmacy is showing a very elite line of beads at prices within reach of everybody. These are the very latest worn, having come direct from large importers in Toronto. Prices from 75c to \$5.00. See them in The Drug Store Window.

Magnus Lade, one of our old-time Dina settlers, is paying a visit to his friends and neighbours this week.

J. A. Varty has returned for a one week visit to the district.

The feast days of Corpus Christi and the Sacred Heart were observed together by the congregation of the Church of the Sacred Heart last Sunday morning. A processional being formed and the entire congregation paraded to the altar which was set up at J. Colombe's front garden. The children carrying garlands, strewed flowers in the path of the procession.

Poll Abandoned: Semple Is Elected

The poll in division 1 of the Municipal District of Ribstone , No. 421 to be held last Friday was abandoned. It having been found that the nomination of Frank Collette was out of order; his name not appearing on the roll of ratepayers, the lands being in the names of his sons.

James Semple accordingly becomes he councillor for this division.

Joint Ribstone Schools Picnic Was Great Success

With characteristic zeal the teachers of the two Ribstone school went over the top with a splendid picinc at Ribstone Park Friday last. Despite the showers the attendance was a record one, over 200 being present.

A happy spirit of fun and enjoyment pervaded the whole of the pro ceedings, and many of the contests provoked much mirth, in fact mauy interesting program of events being sides were aching with laughter, The children and adults alike keenly strove for the prizes in the athletic events.

> A baseball match between New and Old Ribstone school began at 4.30, when Jack Crittenden who had temp ted the fates by acting umpire called for a start Miss Clifford pulled out the pitchers choicest offering and in this innings. The succeeding innings were crammed with interest. the steallar work of the New pitcher Miss Dominy and Henri Simard kept the score down Miss Chisholm made a MsLaughlin hit necessiatating a long search for the ball. The two and girls. The sixth innings brought the match to a conclusion 11-6 in favor of the Old school.

both Ribstone and Chauvin winning

At five o'clock the bugle called the guests to supper. Pupils of 11 to 14 years of age served the hot tea and coffee, whilst whilst the younger ones of 7 to 10 years served the eats. They are to be congratulated on the excellence of their service to the adults.

At 7 p.m., Chauvin met Ribstone in a baseball match. Up to halftime both teams were playing good ball and then the home team score began to show figures, and with this sterak of luck finished winners.

At 9.30 the Chauvin Orchestra struck up the waltz "Some Girls Do & Some Girls Dont" and 40 couples were soon on the floor to the delightful music.

The orchestra gave the dancers no idle moments, and music continued till 4 a.m.,

School Attendance

A ratepayer of the Manitou School District was charged before J. W. Coe, J.P., on Friday last with neglecting to send his child to school. He was fined \$10.00 and costs.

Wainwright Sports

Wainwright Sports Day will be held on Saturday, July 1st. Baseball tournament, and other athletic sports will be held.. The band will be in attendance all through the day.

Basket Ball

The Specials on Monday evening last journyed to Edinglassie for one of the regular league fixtures. The northerners put up a hard fight but were unable to stop the visitors who won 12-10.

On Friday night two teams journeyed to Ribstone. The Chauvin team played Ribstone winning by a score of 10-6. Ribstone showed considerable improvement and will undoubtedly make the other teams step from now 'on.

The next game was between the High School Girls and the Teachers. The combination of girls proved the undoing of the teachers, the girls winning 12-8.

Kodaks and films same price here as in Toronto. Our Kodak stock is complete, ranging from \$2.50 to \$25.00. The Chauvin Pharmacy.

Edgerton Prize

Edgerton has forwared the prize money to Chauvin, and the same has been received by Manager Freeman, together with the following courteous letter:-

Edgerton, June 24th 1922 Mr Freeman, Mer.

Chauvin Baseball Club,

Chauvin, Alta.

Herewith please find our cheque for \$65. being first prize money in the Baseball Tournament. We extend our congratulations and trust that visitors from Chauvin enjoyed themselves in Edgerton on our Sports day. Yours truly

R. V. CAMPBELL, Secy

Manitou Lake

Chautauqua

The time is nearing when we shall again be in the throes of Chautauqua, and after the success of last year, no fear need be entertained as to this years Chautauqua being even a bigger and better one than the last one. The programme is full of good things, and tickets are reported to be seling quickly. These tickets can be had from any of the Guarantors, and if purchased before the day san be had for the modest sum of \$2.50.

includes the whole series of eight performances. All the committee are Money Is Received hard at work, and no stone is being left unturned that will add to the smooth working of the Chautauqua. Don't forget the dates July 7, 8, 10th, and 11th, and be sure to get your tirkets in plenty of time for the opening performances.

Weather" Members are requested to
write their receipts on paper, read
them out in answer to their name at
roll call; then hand them to the secretary for publication.

A prize will be given for best recitation. Children 10 to 12 years, and 12 to 15 years. Don't forget the date—Saturday, July 1st at 2.30 p.m.

Everybody welcome.

Brain Cannot

Be Overworked

Don't be afraid of overworking the brain; you can't do it. You can't

"The more the mind does," says a prominent medical authority, "the more it can do."

Another well-known doctor said re-

"In all my practice as a physician dealing with nervous and mental diseases, I can say without hesitation that I have not a single case of nervous or mental trouble caused by too much thinking or overstudy. What produces mental trouble is worry,

terest in one's work."

So there is no need to be afraid. The more you think, study, or plan, the better it is for you, because you are training your mental powers. You cannot overwork the brain as long as you keep it healthy with outdoor exercis whenever possible. Then it will recuperate of its own account.

It is worry that destroys the brain—worry, fear, bad feelings, and mental idleness.

Johnson: "Bright lights cause the eyes to narrow."

Jackson: "They have the same effect on a roll of banknotes."

A pigeon can fly at a rate of fifty miles an hour when the wind is not against it.

Pushball, played by teams consisting of three motor cars a side, is America's latest thrill.

Blowing white dust down mine tunnels to increase the illumination is the latest scientific aid against "miner's blindness."

Howell: "The throwing of rice at wedings is denounced as a dangerous custom."

Powell: "But surely one additional danger at a wedding is hardly worth remembering."

Father: "Helen, isn't it about time you were entertaining the prospect of matrimory?"

Daughter: "Not quite, father. He doesn't call until eight o'clock."

Food prices in South Africa are only 19 per cent above those of July 1914; and in the United States the increase is 36, in Australia 40, and in Canada 42 per cent.

Walters: "A furrier generally clothes your wife by skinning you." Edgar: "Yes, that is so!"

"Here is a furrier who has put up a sign over his shop which reads as follows: 'Garments made with your skin or our skin.'"

Ada: "Which do you think is the best time for a girl to be engaged?"

Arthur: "I should say just before she is married."

"My dear girl," said the yiung wife's mother-in-law, "any woman would be satisfied with what Frank says he gives you!" Daughter-in-law: "So would I."

An old lady attended a lecture on physiology. At the close of his address the lecturer invited questions from his audience.

The old lady arose.

"I should be much obliged," she said, "if the lecturer would tell me whether the brain that he called the 'cerebellum' is inside the head or outside."

"Kreso Kills Kooties" use it on your stock, use it for disinfecting stables and hen houses, use it in outhouses. use it for a healing wash for sores. Price \$1.00 per imperial quart.

Meditations By Manitou Lake

Contributed

Most of us especially those from the Old Sod, are deeply imbued with all that is ancient .- Customs, beliefs, and buildings of different degrees of antiquity are of lively interest to us and the more hoary with age they may be, the more deeply interesting they are to us. We live in a new country, that is, new to us, painfully new in this west country and so far tory has yet to be made. But we have started in at the making. Anything a year old out here IS old and the war is ancient history, though we are just beginning to feel the effects

We have an event in this neighborhood which occurs annually and has flourished with unfailing regularity since the first pioneer days and we must see that in the future it continues to flourish, for it is now an old custom. It is the picnic held every first of July on the shores of Manitou

I have strolled from the Narrows Bridge, through the woods and along the shore till I reached the grounds. Pleasing as the walk is the grounds themselves are delightful. Nature has excelled herself in the fashioning of a spot perfectly adapted for its purpose, and this natural play ground is set in the midst of such charming vistas of land and water scape that one would have to travel far to find a rival to its loveliness.

Years agone it has been our lot to watch the happy children at their sports on this their one great day of the year, and the bigger children at their play, kicking the football or aspiring to hit a home run. Yes, we all went, some walked, some rode, family men in wagons with here and there a buggy driven by some gay young bachelor, and family men with oxen drawing perchance the humble stone boat, and these men will boast of their primitive gear today and tell you they had the time of their lives. at the Cliffe and Brady afterwards, they are but memories but we joy in those memories today. and we begin to feel old but are content.

At this present we still attend the picnic and people still have a happy time though the old has given place

py boys and girls of yester year are to recovery. L. Fahner, Chauvin. now prowd, and justly proud, of lusty boys and smiling girls of their own. bringing them in their turn to spend kinaw Coat, not far from Roros Picthe day of the year at the Manitou Lake Picnic.

Long may this old custom continue and may it never lack the suport of those who spent their happiest hours at the Lake on the first of July in years gone by.

READ OUR ADVERTISEMENTS

OF THE LUMBER INDUSTRY has there been such a demand for Canadian lumber as there is this year.

NEVER BEFORE IN THE HISTORY

Prices cannot come down while there is every indication that they will go higher. Not only the price of stock, but the securing of material has become a great factor this year and unless there is a change in conditions, it will be almost impossible to secure lumber at any price within the next few months.

Our buyers foresalw a shortage of lumber and months ago placed large orders for stock. This stock is arriving daily and is the best money could buy. Our purchases were made under favorable market conditions which enables us to offer this stock to our customers at a price that will mean a great saving. If you are going to need any lumber this year we would strongly

advise your inspecting this stock and getting our prices, for we know

that we can save you money on your requirements. All we ask is a

chance to prove to you that asfar as price, quality and satisfaction are

concerned we are in a class by ourselves. Galvin Lumber Yards Ltd.
